

Technical Director Job Description

Community Church is an English-speaking, international, interdenominational church in the heart of Hong Kong Island. Hong Kong is a vibrant and cosmopolitan city and an exciting place to do ministry.

We are looking for a Technical Director with a passion for the Lord, experience in sound production, visual & video production. The individual should have a shepherd's heart, strong relational skills and an ability to organize and build the ministry.

Core Responsibilities

- Providing technical leadership and expertise in all technical aspects of our worship services (sound, video, production, lighting, livestream) to ensure seamless and smooth production and a welcoming physical and digital worship environment each week
- Leading and working with paid tech positions (currently 1 sound tech and 1 livestream) with the view to eventually develop, train and empower a team of volunteers (where possible) in these operations for all worship services
- Continue to develop and empower volunteer video team
- Leading & contribute to creative ideas in developing the video production of the weekly services and creating visuals to maximize an engaging worship service (eg, creating videos for each sermon series/ special events etc.)
- Maintaining / overseeing the audio/visual system and equipment
- Research and implement new technology to help further the mission and vision of the church

Core Attributes, Competencies and Skills

- Knowledge, experience and competence in video production
- Ability to operate the sound board
- A team player who works well with our staff team and volunteers
- Self-motivated, quick learner and goal oriented
- Creative, flexible and adaptable

Desired Attributes, Competencies and Technical Skills (depending on candidate)

- Experience in stage design and incorporation of technical needs
- Advanced experience in audio
- Experience in other technical areas including (but not limited to) projection and lighting
- Experience in production and the ability to take on a 'producer' role for our online Sunday worship services, with both creativity and professionalism

The Technical Director will report to the Senior Pastor and work closely with the Worship Director, pastors and other leaders. This position is part-time. More information about Community Church can be found at www.communitychurch.hk.

If interested, please send a cover letter and resume to Ps Wade Wollin to hr@communitychurch.hk. Links to examples of your work would also be appreciated.

We look forward to hearing from you.
